

SECOND SKIN

△ WEARABLE SCULPTURE

DESIGN EXPLORATION PROJECT

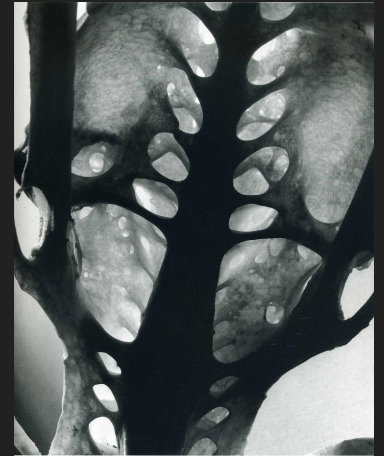

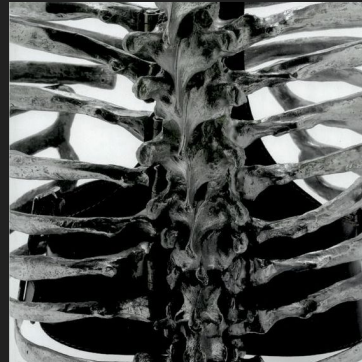

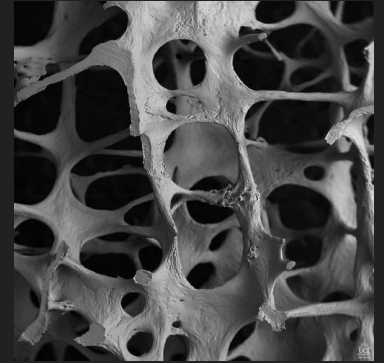

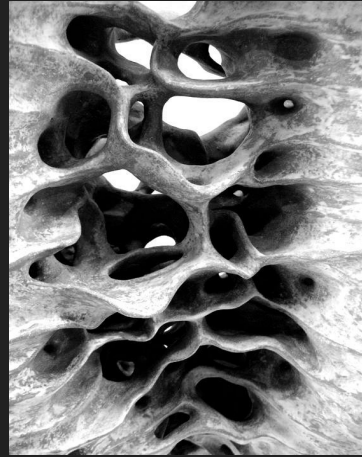

BY

Sylvia Chen

IDEAS

- First started with the idea of “wearable sculpture”
- The theme: **Human’s Natural Fear Towards Death.**
- To honor what happened in my life during this time and the beauty of it.
- Death can also be beautiful.
- To face my fear.

Mood board ->

MATERIALS

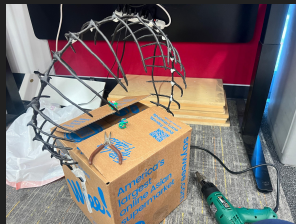

A LOT OF...

- Different sizes of Aluminum Wire
- Worbla Board (a kind of thermoplastic)
- Heat gun
- Different kinds of pliers
- Liquid latex
- Organza
- Glue

PROCESS 1 – MAKING

1. Structure
2. Add worbla board
3. Add more...
4. Stick organza
5. Liquid latex
6. Make the spine
7. Add worbla

PROCESS 2 – PHOTO SHOOTING

- Special thanks to Maisie R (assistant) & Dhrithi V (model) to make this happen!!!!

FINAL PRODUCT!!!

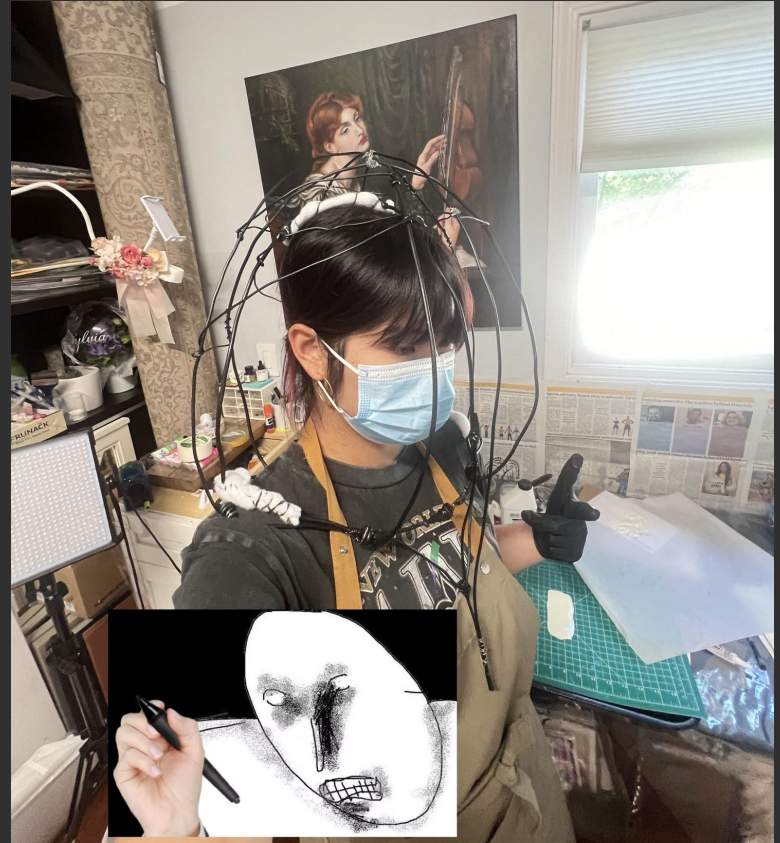

After edited in Photoshop...

TAKEAWAYS

- Great opportunity to experience with new materials
- Express ideas into a 3D form
- Be inspired by life
- Challenge myself
- Improve the project or maybe remake

QUESTIONS...?
