## Stella's notes:

- I'm totally cool with doing a cover song (its a lot easier from the production side anyways)
- I'm happy to do engineering and playing the guitar
- we can also add elements to the song or make a remix if that sounds appealing too

## Final Decision:

BEGGIN by Maneskin

## Ideas

- stella learn song on guitar (probably wont try to reinvent the wheel here due to the time constraints)
- ash and lillian make different parts/harmony

Together

Lillian

Ash

Harmony

Slow

different/high

Put your loving hand out, baby

'Cause I'm beggin'

I'm beggin', beggin' you

So, put your loving hand out, baby

I'm beggin', beggin' you

So, put your loving hand out, darling

Riding high, when I was king

I played it hard and fast, 'cause I had everything

I walked away, but you want me then

But easy come, and easy go, and it would end

So, any time I bleed, you let me go

Yeah, any time I feed you, get me? No?

Any time I seek, you let me know

But I plan and see, just let me go

I'm on my knees when I'm beggin'

'Cause I don't want to lose you

Hey yeah, ratatata

'Cause I'm beggin', beggin' you

And put your loving hand out, baby

I'm beggin', beggin' you

And put your loving hand out, darling

I need you to understand

Tried so hard to be your man

The kind of man you want in the end

Only then can I begin to live again

An empty shell, I used to be

The shadow of my life was hanging over me

A broken man that I don't know  
Won't even stand the devil's chance to win my soul

What we doing? What we chasing?  
Why the bottom? Why the basement?  
Why we got good shit, don't embrace it?  
Why the feel for the need to replace me?  
You're the wrong way track from the good  
I want to paint a picture telling where we could be at  
Like a heart in the best way should  
You can give it away, you had, and you took the pay

But I keep walking on, keep opening doors  
Keep hoping for, that the door is yours  
Keep oh-so home  
'Cause I don't wanna live in a broken home  
Girl, I'm beggin'

Mmm, ye-e-e-ah  
I'm beggin', beggin' you  
So, put your loving hand out, baby  
I'm beggin', beggin' you  
So, put your loving hand out, darling

I'm fighting hard to hold my own  
Just can't make it all alone  
I'm holding on, I can't fall back  
I'm just a calm 'bout to fade to black

I'm beggin', beggin' you  
Put your loving hand out, baby  
I'm beggin', beggin' you  
So, put your loving hand out, darling

I'm beggin', beggin' you  
So, put your loving hand out, baby  
I'm beggin', beggin' you  
So, put your loving hand out, darling

I'm beggin', beggin' you  
So, put your loving hand out, baby  
I'm beggin', beggin' you  
So, put your loving hand out

Maybe an echo for the last three verses

Reminders\other things for Stella:

- Spend like 15-20 minutes everyday practicing the song
  - ESPECIALLY practice the transition from the G chord (3-5-5-4-3-3) to the E6\C# (Dbm7) chord (X-4-6-4-5-4)
- The green highlighted parts above are what Lillian and Ash say are too deep for them so maybe practice those, however if they want to sing at an octave higher than the original song that's no problem
  - For those two parts, it also might be interesting to have ad-libs– e.g. having one person humming the bottom note of each chord (B, G, Db, Gb) in the background which would add some nice texture to the mix (considering that there's no bass or drums in this part)
