

SCENE 1

EXT. SHOT OF WHOLE GROUP WALKING

EVE, RHENE, and ELEONORE are searching for something

NARRATOR

In a land far, far away, there lived three girls. They were adventuring. They were not good at it.

EVE

Hey, is that the cursed amulet?

RHENE

That's a rock.

EVE

Oh.

ELUNORE

What about that thing over there?

RHENE

If I tell you that's the cursed amulet, will you stop asking if things are the cursed amulet?

ELUNORE

Probably not.

SCENE 2

They find a lady sitting on the ground rocking back and forth, with a bag of something in her hand

NARRATOR

They moved on. As they walked, they came across a woman sitting on the ground. Curious as to what she was doing, they approached.

ELUNORE

Ho there, woman!

EVE

(whispering to her) What are you doing?

ELUNORE

What? This is how adventurers talk, right?

RHENE

Oh my god. Hey, what's wrong with you?

LADY

Absolutely nothing. Nothing has ever been wrong in my entire life.

EVE

Okay, so she's like, crazy, right?

LADY

Huh?

ELUNORE

Maybe we should go...

LADY

Wait! Take this, it'll help you on your journey!

RHENE leans over and takes it. She smells it.

RHENE

Okay... uh. Oh god. We'll just leave you be, thanks for your time.

LADY

(calling after them) Your existence is like chocolate!

They look back at her as they hurry off, RHENE throwing the candy into a bush

SCENE 3

They spot a shop

NARRATOR

The girls approached a shop.

EVE

Hey, look, a shop!

NARRATOR

They were unsure whether or not to enter because they were generally very cautious.

ELUNORE

We should go in there, right now.

RHENE

Shouldn't we check for traps or something?

ELUNORE

Nah, that's lame.

NARRATOR

They walked into the store, and saw the woman from earlier, sitting on a stool with a fake mustache on.

LADY

Ah, hello ladies!

EVE

Hello, good sir! What do you sell here?

(There is a sign behind her very clearly stating that the shop sells liquor)

LADY

The finest wine. The best beers. Anything you could ever want (her moustache falls off)

The camera cuts to the girls all staring in different directions. Lady fixes mustache and they all turn back to look at her.

RHENE

Have you heard of of any cursed amulets in the area recently?

LADY

(holding the moustache onto her face with her hands at this point) Uh. No.

ELUNORE

(pointing at a folded paper) Hey, this isn't liquor!

LADY

(kicks it under her chair) Don't worry about that.

RHENE

I bet it's a map to the amulet! Let's get her!

They girls fight the lady and kill her comically fast

EVE

(picking up the paper) Oh.

RHENE

What?

EVE

(flips it over) It's...

ELUNORE

Oh my god.
