

❖ How do cats/owners meet

- Neighbors
- Cat 1 is outside and meets cat 2 cause they're chasing a mouse or something together
- Neighbor 1 comes to call cat 1 for dinner but both of them come and neighbor 1 has to take cat 2 back to its house?? And neighbor 2 is like thanks omg
  - Cats in foreground, conversation kinda floating in the bg
- Next day, same thing, cats come to the door together and neighbor 1 pulls up to neighbor 2 "your cat won't leave my cat alone hello here is your cat"
- Neighbor 2: yoo my cat ty, wanna come in I'm making food
  - Cute hang out, again cats are mad chillin on the couch and you can see the neighbors talking in the bg

❖ Story beat 2

- Lil montage of cats + neighbors hanging out
  - Eg: cats on fence, you can see neighbors cuddling on couch through the window; cats playing in bedroom, you can see neighbors laughing in bed, etc etc
- Neighbor 2 accidentally kicks cat toy out the door, it rolls into alley, cat 2 chases it and then dog jumps it
- Neighbor 2 can't find cat 2, goes to neighbor 1 and is like aaaaaaaa cat gone help
- They frantically search, panic shown through panels of cat one sniffing around and you can see them in the bg zoomin
  - Panels of hurt cat laying there
- Eventually they find it and rush it to the hospital
- Comic ends with cats cuddling, cat 2 has a little cast, you can see owners in bg having breakfast or smth
