Little Shop of Horrors

Zenith Project

By Hannah and Josh

Our Project

Little Shop of Horrors is Upstage Theater's spring musical for the 2021-2022 season, which Josh is directing. We wanted to make a project about something we were passionate about, and we thought a documentary about this show is a great way to honor both the Zenith and the musical.

What is it about?

Our documentary is about the process of bringing a musical to life. We documented the whole process of blocking, choreography, vocal rehearsals, crew technicalities etc.

Process

01

Planning

We created a list of things we wanted to include

02

B-Roll

During most rehearsals, we filmed b-roll of the choreo, blocking, meetings, etc.

03

Interviews

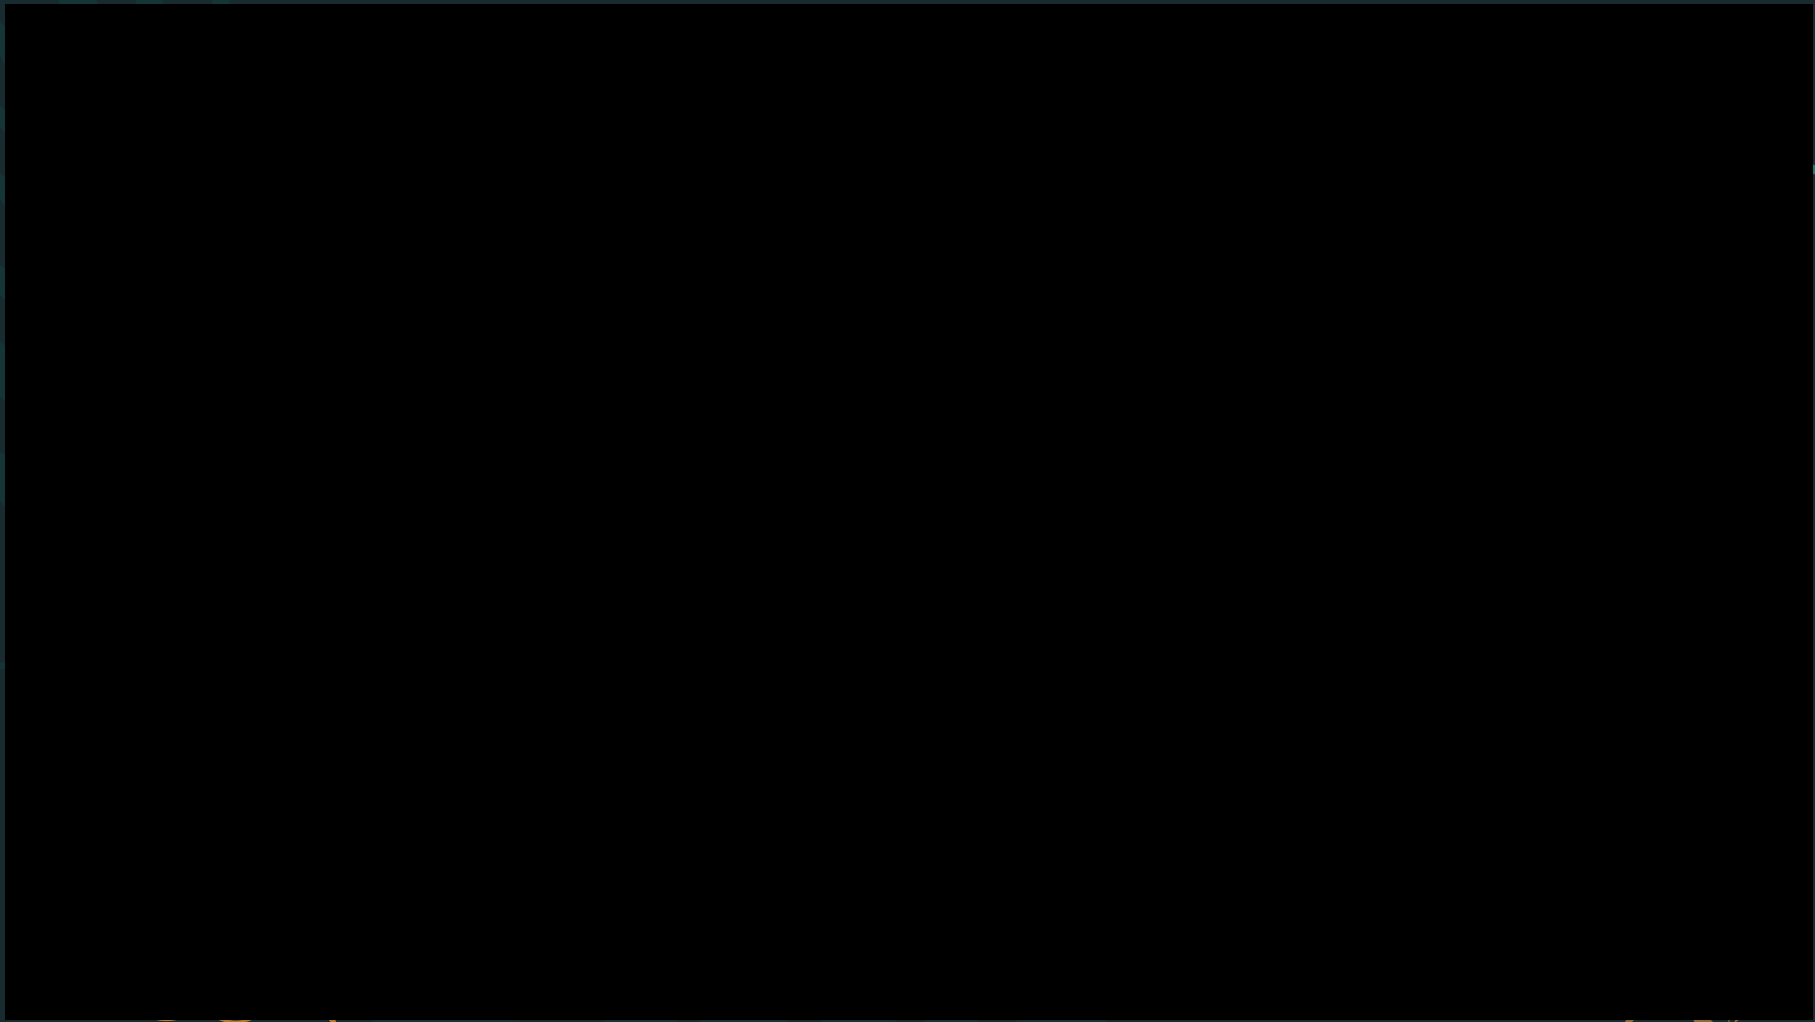

We conducted interviews of the cast and crew

04

Editing

At the end, we combined all of our footage we collected and edited

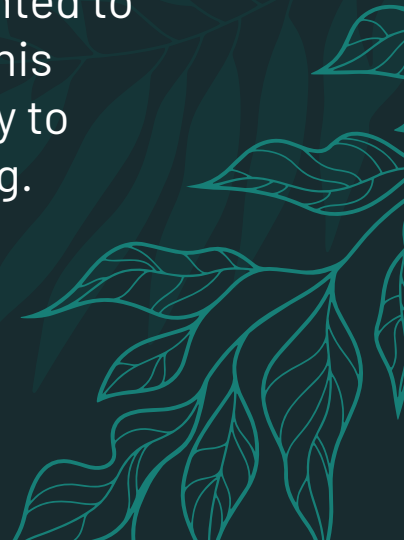

Reflection

While our project is not technically complete, as the tech and performances we wanted to include are a week after this project, this was a fun way to honor what we enjoy doing.

Thanks!
