SCENE 1

Lindsey is about to enter the house after walking home from school. (Will shoot this scene at night to make the house look more haunted. Represents how Lindsey hates going home because in her home are her scary parents and siblings.)

As Lindsey (played by Lauren) is walking up to the house these are her thoughts:

Lindsey's Thoughts: After school I walk home, but I have a dark secret. My house is haunted. I live with four monsters. And I'm pretty sure they all hate me.

Lindsey opens the door.

Sister: Hi! *(she's wearing horns to represent that in Lindsey's eyes she's a monster.)*

Lindsey: Hi Phoebe.

Sister: Back home from school?

Lindsey: Yeah.

Sister: Dinner is almost ready.

Lindsey sets down her backpack, gets settled inside the house and then mom yells from inside the kitchen:

Mom: Dinner is ready!

Lindsey: Sighs and makes her way to the kitchen

SCENE 2: Dinner

Everyone is sitting at the dinner table with plates and chopsticks. Everyone except for Lindsey is wearing monster horns. Lindsey is wearing alien antennas. (Lindsey feels like an alien in her family and her family feels like scary monsters to her.

Mom: I got food from your guys' favorite restaurant! (*Says as she's placing down the food onto the table*)

Sister: (*excitedly*) The pet store? (cause Asians eat dogs)

Mom: No, Ching Chong's Wings and Tings.

Sister: *Groans and then mutters something in Chinese*

Dad: How was school everyone?

Sister: I got a 105% on my AP calculus test!

Dad: Okay, average, and James?

Brother: I'm going to an interview with NASA.

Dad: Okay good, you could do better but still good, and Lindsey?

Lindsey: I'm working on a project from Freestyle Academy.

Dad: Freestyle Academy? What's that?

Lindsey: It's a place where-

Dad: Anyway, what's the project for?

Lindsey: It's for my animation class.

Dad: *sighs in disappointment*

Sister: Is animation even a real subject?

Brother: Could you even make any money with that?

Mom: Poor kid's gonna grow up to be a starving artist.

Dad: Why is she so weird?

Sister: Right?? I've always felt that way! It's not just me right?

Brother: Mom, she's adopted right?

Mom: Who knows, I can't really remember.

Dad: (in Korean) She's definitely adopted.

Everyone starts talking all over each other and then...

Lindsey: Guys!!

Everyone turns their head and looks at her in unison.

Lindsey: I'm literally right here! I can hear everything you're saying about me!

Everyone is silent for a few seconds and then they start talking all over each other again.

SCENE 3

Dad: Yo check it out, I bought this painting for 100% off.

Mom: Wow that's pretty impressive.

Lindsey: Wait a second

Dad: What?

Lindsey: That's my painting.

Mom: No way.

Dad: That's cap. I bought this painting online from someone named-

Lindsey: Tia Lee?

Caitlyn and Chris gasp

Lindsey: Yeah, I'm Tia Lee and you bought it off of my art website. And let me guess, the painting was 1,975 dollars.

Dad: *gasps* No way, how did you know?!

Mom: Dude! (slaps Chris) I thought you said you got it for 100% off!

Lindsey: Ha! (starts walking away and then)

Dad: Wait, I admit it, I'm impressed, I could see how being an artist is legit.

Mom: You're pretty talented.

Then Lindsey has this slomo montage of her with sunglasses and making it rain money.

Then montage is interrupted when Lindsey gets hit in the head with a stuffed animal.

Lindsey: Dude! What the heck?

Brother: I have something to confess then. I don't wanna work for NASA I wanna be a musician.

Dad and Mom: What?!

Brother: Check this out. (Plays guitar)

Dad: I'm not gonna lie, that's pretty cool.

Sister: I have something to confess as well. I don't wanna be a lawyer, I wanna be a fashion designer.

Dad: What?! **Mom:** *Dramatically faints*

Sister: Check out some of my designs. (shows designs)

Mom: Actually, I would wear that.

Dad: So none of you guys want to be lawyers or doctors or rocket scientists. You all want to be artists?

Lindsey: yeah

Brother: yeah

Sister: yeah

Dad: Well then I guess, I guess that's fine.

Then another slomo montage with Lindsey in the middle holding art, James on the left holding a guitar, and Phoebe on the right wearing a very fashionable outfit.

SCENE 4

Lindsey is walking up to the house after school, except this time it's day time and the house looks nice and bright.

Lindsey's Thoughts: I used to hate living in my home because I lived with monsters, but now they're not as scary anymore.

Lindsey opens the door.

Lindsey: Hi Phoebe!

Sister: Hi Lindsey! Dinner will be ready soon.

Lindsey sets down backpack and stuff.

Mom: Dinners ready!

Everyone is sitting at the dinner table with plates and stuff.

Mom: Guess what dinner is (takes lid off plate to reveal a dog *won't actually be a real dog)

Everyone: Yay!!

Dad: How's everyone doing?

Lindsey: I'm working on another painting.

Brother: I'm learning another song on the guitar.

Sister: I'm sketching out another fashion design idea.

Dad: Kids, I just wanna say, I'm proud of you guys.

Then the world explodes.
